RE: PM_{2.5} Project Conformity Interagency Consultation

Two project sponsors seek interagency consultation from the Air Quality Conformity Task Force (AQCTF) at this time, as follows:

No.	Project Sponsor	Project Title
1	City of San Mateo	SR92/El Camino Real (SR82) Ramp Modifications
2	Alameda County Transportation Commission (ACTC)	I-580 HOT Corridor Project

Attachment A includes the above project assessment forms.

ACTC does not anticipate that the I-580 HOT Corridor Project will be found to be a POAQC, but in the event that it is, ACTC has prepared a memo on their proposed hot spot analysis methodology. If the project is found to be a POAQC, ACTC requests the AQCTF's approval of the hot spot methodology. **Attachment B** includes the proposed hot spot methodology.

Additionally, MTC requests the review and concurrence from the Task Force on a set of projects that project sponsors have identified as exempt and likely not to be a POAQC. **Attachment C** lists these exempt projects.
